Hi, you're listening to Mastering Money, not an episode but an insider's glimpse of next season, season 8. That's what we call a teaser in the podcast business.

In season 8, which will be launching in September, we're going to explore the future of labor. I'm Doretta Thompson, financial literacy leader for Chartered Professional Accountants of Canada. And season 8 is going to be sponsored by Pivot Magazine, which is the national magazine of Chartered Professional Accountants of Canada.

Joining me today is Douglas Dunlop, who is the associate publisher of Pivot. Douglas, welcome.

Thank you so much, Doretta. Happy to be here.

So let's take a peek at this. What can our listeners expect to hear as we explore the theme of labor?

DOUGLAS DUNLOP

00:00:57.72

Where to start? There's so much happening around the world as it relates to labor. This season, we're going to be covering topics such as future proofing your career, interest rate fluctuations and how they affect labor markets, and of course, who can forget artificial intelligence. It's going to be a thought-provoking season.

DORETTA THOMPSON

00:01:15.27

It is indeed. I can't wait to hear what our guests are going to have to say on these topics. And it's also going to have a really unique twist to it because we're going to give our listeners and the readers of Pivot Magazine a chance to weigh in on the topics. Do you want to tell us how that's going to happen?

DOUGLAS DUNLOP

00:01:33.75

Yeah, absolutely. We are actually conducting a poll through Pivot online for our readers to vote for their favorite topics and see how everyone else is voting too. It's giving our readers the ability to have their say and have a hand in deciding what gets covered on the show.

DORETTA THOMPSON

00:01:48.09

That's great. And our listeners, of course, can participate in the poll as well. How can our listeners reach it?

DOUGLAS DUNLOP

00:01:53.94

They can go to www.cpaCanada.ca/mmpodcast.

Cool. MM podcast, that's Mastering Money. So that is so exciting. I can't wait to see what rises to the top and see what topics really are resonating with people.
