

# Verification of Post-Qualification Experience Certificate

This practical experience certificate is to be completed by eligible members of CPA Canada who obtained their CPA designation by virtue of completing the education, examination and experience requirements of the legacy Certified General Accountants (CGA) program or Certified Management Accountants (CMA) program applying for admission to membership in one of the member body, as described below. Once completed and filed with the member body, the Certificate will be used to determine whether the applicant has fulfilled the prescribed practical experience requirements for admission to membership in the member body and for the granting of the CA/ACA designation in the member body.

A 'member body' is one of the following professional accountancy bodies:

- Chartered Accountants Ireland
- Chartered Accountants Australia and New Zealand
- Hong Kong Institute of Certified Public Accountants
- Institute of Chartered Accountants in England and Wales
- Institute of Chartered Accountants of Scotland
- Institute of Chartered Accountants of Zimbabwe
- South African Institute of Chartered Accountants

The applicant must have the necessary two (2) years of relevant post-qualification experience. The experience must involve the use of accounting, attest, management advisory, financial advisory, tax, or consulting skills. The experience may be from employment in public practice, private industry, non-profit, or government and must be at least two (2) years of full-time or equivalent part-time experience, or a combination of these.

The purpose of practical experience is to develop breadth, depth and progression in specified competencies over the length of the post experience period. The applicant, after completion of the two-year post qualification experience, must be able to demonstrate the core values and skills outcomes as defined in PA7 of Section E of the GAA Framework document (see Section II).

## Instructions

### **Section II – Member in good standing with a “member body” attest**

A current member in good standing of a Canadian provincial/regional CPA body or a “member body” as defined above, is required to verify that the applicant, after completion of the two-year post-qualification experience, is able to demonstrate the core values and skills outcomes as defined in PA7 of Section E of the GAA Framework document (provided in Section II). The member must have personal knowledge of the applicant’s experience reported by the applicant on this certification form.

### **Section III – Canadian provincial/regional CPA body attest**

The Canadian provincial/regional CPA body will sign off on the validity of the post-qualification experience based on a due diligence review of the applicant’s resume and letters of confirmation from the employer(s).

### **Appendix 1 – Employers’ attest**

The employers will attest the applicant’s employment history (position, nature, and duration of experience) on the form found in Appendix 1 and return the completed form to the provincial/regional CPA body. It is the responsibility of the applicant to ensure that those forms are completed and returned to the provincial/regional CPA body. Each employer must fill in a separate form.

The information on this form is collected, stored and used in accordance with any privacy legislation in the province/region from which you are requesting, and is collected for the purpose of processing your application for membership with a foreign accounting body. Questions about the collection and use of the information should be directed to the Privacy Officer of the provincial/regional body from which you are requesting verification.

**SECTION I: TO BE FILLED IN BY THE APPLICANT**

Complete the form and send to the province/region where you intend to seek registration.
