REPORT OF THE INDEPENDENT ACCOUNTANT

To the management of Sectigo Limited (“Sectigo”):

Scope

We have examined Sectigo management’s assertion that for its Certification Authority (“CA”) operations in the locations as enumerated in Attachment B, for its CAs as enumerated in Attachment C in scope for the SSL Baseline Requirements and Network Security Requirements, Sectigo has:

- disclosed its SSL certificate lifecycle management business practices in the applicable versions of its Sectigo Certification Practice Statement (“CPS”) and Sectigo WebPKI Certificate Policy (“CP”) as enumerated in Attachment A, including its commitment to provide SSL certificates in conformity with the CA/Browser Forum Requirements on its repository, and provided such services in accordance with its disclosed practices
- maintained effective controls to provide reasonable assurance that:
 - the integrity of keys and SSL certificates it manages is established and protected throughout their lifecycles; and
 - SSL subscriber information is properly authenticated (for the registration activities performed by Sectigo)
- maintained effective controls to provide reasonable assurance that:
 - logical and physical access to CA systems and data is restricted to authorized individuals;
 - the continuity of key and certificate management operations is maintained; and
 - CA systems development, maintenance, and operations are properly authorized and performed to maintain CA systems integrity
- maintained effective controls to provide reasonable assurance that it meets the Network and Certificate System Security Requirements as set forth by the CA/Browser Forum

throughout the period of April 1, 2023 to March 31, 2024, based on the WebTrust Principles and Criteria for Certification Authorities - SSL Baseline with Network Security, v2.7.

The CA/Browser Forum Baseline Requirements for the Issuance and Management of Publicly-Trusted TLS Server Certificates requires compliance with the Network and Certificate System Security Requirements (“Network Security Requirements”) as set forth by the CA/Browser Forum. The relevant principle and criteria are included as part of WebTrust Principles and Criteria for Certification Authorities - Network Security, which are reported on under separate cover.

Certification Authority's Responsibilities

Sectigo's management is responsible for its assertion, including the fairness of its presentation, and the provision of its described services in accordance with the [WebTrust Principles and Criteria for Certification Authorities - SSL Baseline with Network Security, v2.7](#).

Independent Accountant's responsibilities

Our responsibility is to express an opinion on management's assertion based on our examination. Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management's assertion is fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about management's assertion. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of management's assertion, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the engagement.

The relative effectiveness and significance of specific controls at Sectigo and their effect on assessments of control risk for subscribers and relying parties are dependent on their interaction with the controls and other factors present at individual subscriber and relying party locations. Our examination did not extend to controls at individual subscriber and relying party locations and we have not evaluated the effectiveness of such controls.

Inherent Limitations

There are inherent limitations in the effectiveness of any system of internal control, including the possibility of human error and the circumvention of controls. For example, because of their nature, controls may not prevent, or detect unauthorised access to systems and information, or failure to comply with internal and external policies or requirements. Also, the projection to the future of any conclusions based on our findings is subject to the risk that controls may become ineffective.

Independent Accountant's Opinion

In our opinion management's assertion, as referred to above, is fairly stated, in all material respects.

This report does not include any representation as to the quality of Sectigo's services other than its CA operations in the locations as enumerated in [Attachment B](#), nor the suitability of any of Sectigo's services for any customer's intended purpose.

Other Matter

Without modifying our opinion, we noted the following other matters during our procedures:

Matter Topic	Matter Description
1	Sectigo disclosed in Bugzilla #1891245 that it issued 166 EV SSL certificates with incorrect Subject Serial Number values.
	Sectigo disclosed in Mozilla Bug #1829746 that it issued 213 DV and OV SSL certificates and 22 EV SSL certificates with DCV older than 398 days.
2	Subscriber Registration
3	Sectigo disclosed in Mozilla Bug #1878139 that 2577 certificates were issued based on email based domain control validation methods that used a Random Value more than 30 days after its creation.
3	Sectigo disclosed in Mozilla Bug #1891039 that it disabled CRL generation to a Root CA with an expired self-signed certificate, which also had 2 unexpired certificates cross-signed by another Root CA.

While the Sectigo assertion notes all issues disclosed on Bugzilla from April 1, 2023 through the date of this report, we have only noted those instances relevant to the CAs enumerated in [Attachment C](#) and applicable to the [WebTrust Principles and Criteria for Certification Authorities - SSL Baseline with Network Security, v2.7](#).

Use of the WebTrust seal

Sectigo's use of the WebTrust for Certification Authorities - SSL Baseline Seal constitutes a symbolic representation of the contents of this report and it is not intended, nor should it be construed, to update this report or provide any additional assurance.

SECTIGO LIMITED MANAGEMENT'S ASSERTION

Sectigo Limited (“Sectigo”) operates the Certification Authority (“CA”) services for the CA certificates enumerated in [Attachment C](#) in scope for SSL Baseline Requirements and Network Security Requirements and provides SSL CA services.

Sectigo management has assessed its disclosures of its certificate practices and controls over its SSL CA services. Based on that assessment, in providing its SSL CA services in the locations as enumerated in [Attachment B](#), Sectigo has:

- disclosed its SSL certificate lifecycle management business practices in the applicable versions of its Sectigo Certification Practice Statement and Sectigo WebPKI Certificate Policy as enumerated in [Attachment A](#), including its commitment to provide SSL certificates in conformity with the CA/Browser Forum Requirements in its [repository](#), and provided such services in accordance with its disclosed practices
- maintained effective controls to provide reasonable assurance that:
 - the integrity of keys and SSL certificates it manages is established and protected throughout their lifecycles; and
 - SSL subscriber information is properly authenticated (for the registration activities performed by Sectigo)
- maintained effective controls to provide reasonable assurance that:
 - logical and physical access to CA systems and data is restricted to authorized individuals;
 - the continuity of key and certificate management operations is maintained; and
 - CA systems development, maintenance, and operations are properly authorized and performed to maintain CA systems integrity
- maintained effective controls to provide reasonable assurance that it meets the Network and Certificate System Security Requirements as set forth by the CA/Browser Forum

throughout the period of April 1, 2023 to March 31, 2024, based on the [WebTrust Principles and Criteria for Certification Authorities - SSL Baseline with Network Security, v2.7](#).

Sectigo has disclosed the following matters publicly on Mozilla’s Bugzilla platform. These matters were included below due to being open during the period April 1, 2023 through the date of this report.

Bug ID	Summary	Opened	Closed	Resolution
#1813989	Sectigo: Incomplete Subject organizationName	1/31/2023	5/4/2023	Fixed
#1818073	Sectigo: Late revocation for incomplete Subject organizationName	2/21/2023	6/28/2023	Fixed
#1823723	Sectigo: Incomplete Subscriber Agreement provisions	3/21/2023	4/5/2023	Fixed

Sectigo Limited
Unit 7 Campus Road
Listerhills Science Park, Bradford
BD7 1HR, United Kingdom

Bug ID	Summary	Opened	Closed	Resolution
#1829746	Sectigo: Certificate issuance delayed for more than 398 days after DCV was completed	4/24/2023	6/2/2023	Fixed
#1830088	Sectigo: Late termination of privileged access to Certificate Systems	4/26/2023	3/27/2024	Fixed
#1853987	Sectigo: S/MIME certificates with (null) string value in subject attributes	9/19/2023	10/12/2023	Fixed
#1860299	Sectigo: SMIME issuance with insufficient validation of mailbox authorization or control	10/20/2023	12/2/2023	Fixed
#1869056	Sectigo: Inadequate vulnerability scanning and patching	12/8/2023	2/2/2024	Fixed
#1876775	Sectigo: Wrong usage of LEI records for the issuance of SMIME Certificates	1/26/2024	3/4/2024	Fixed
#1878139	Sectigo: Failure to invalidate Email DCV Random Values after 30 days	2/2/2024	4/3/2024	Fixed
#1891039	Sectigo: Premature disabling of CRL generation for an inactive CA	4/11/2024	5/5/2024	Fixed
#1891245	Sectigo: EV Certificate issuance with incorrect subject:serialNumber attribute value	4/12/2024	5/13/2024	Fixed
#1902310	Sectigo: Trusted Role Access provided prior to completion of onboarding process	6/13/2024	-	Open

Certificate Policy

Policy Name	Version	Effective Date
Sectigo WebPKI Certificate Policy	1.3.4	February 7, 2024
Sectigo WebPKI Certificate Policy	1.3.3	March 23, 2023

Certification Practice Statement

Policy Name	Version	Effective Date
Sectigo Certification Practice Statement	5.4.1	February 7, 2024
Sectigo Certification Practice Statement	5.4.0	August 31, 2023
Sectigo Certification Practice Statement	5.3.7	May 17, 2023
Sectigo Certification Practice Statement	5.3.6	March 23, 2023

Sectigo Limited
Unit 7 Campus Road
Listerhills Science Park, Bradford
BD7 1HR, United Kingdom

ATTACHMENT B - LOCATIONS IN-SCOPE

Location	Function
Secaucus, NJ, United States of America	Datacenter Facility
Manchester, United Kingdom	Datacenter Facility
Amsterdam (West), The Netherlands	Datacenter Facility
Amsterdam (South), The Netherlands	Datacenter Facility
Bradford, United Kingdom	Back-end Office Support
Chennai, India	Back-end Office Support
Iași, Romania	Back-end Office Support
Kanata, ON, Canada	Back-end Office Support
Roseland, NJ, United States of America ¹	Back-end Office Support
Lille, France	Back-end Office Support
Alkmaar, The Netherlands	Back-end Office Support
Scottsdale, AZ, United States of America ²	Back-end Office Support

¹ As of December 31st, 2023, use of this office was discontinued for the remainder of the period.

² As of December 1st, 2023, this office is in scope.
