業務実施者の職業倫理、独立性及び品質管理

当監査法人は、誠実性、客観性、職業的専門家としての能力及び正当な注意、守秘義務及び職業的専門家としての行動に関する基本原則を基礎とする国際会計士倫理基準審議会の職業会計士のための国際倫理規程（国際独立性基準を含む。）（国際倫理規程）の独立性及びその他の職業倫理に関する規定を遵守した。

セコムトラストシステムズ株式会社

執行役員

桃澤 慎之助

当社は、[付録 A](#)に記載された認証局（以下「CA」という。）を運営し、SSL 認証局サービス（以下「SSL CA サービス」という。）および non-SSL 認証局サービス（以下「non-SSL CA サービス」という。）を提供している。

当社の経営者は、ネットワーク及び証明書セキュリティシステムの内部統制を含む当社の SSL および non-SSL CA の運用について、有効な内部統制を確立し、維持することに責任がある。これらの内部統制はモニタリングの仕組みを含んでおり、識別された欠陥を修正するための行動が取られる。

内部統制には、人為的なミスの可能性や内部統制の回避など、固有の限界がある。従って、有効な内部統制といえども、当社の CA の運用について合理的な保証を提供するものでしかない。さらに、状況の変化により、内部統制の有効性は時間とともに変化する可能性がある。

当社の経営者は、当社の SSL および non-SSL CA サービス（東京）に係る内部統制を評価した。その評価に基づく当社の経営者の意見では、当社は、[認証局のための WebTrust-Network Security 保証規](#)
[準 v1.7 \(the WebTrust Principles and Criteria for Certification Authorities - Network](#)
[Security v1.7\)](#) に準拠して、2024 年 6 月 7 日から 2025 年 6 月 6 日までの期間において、SSL および non-SSL CA サービスの提供に関して、下記の事項を実施した。

1. CA ブラウザフォーラムが定める Network and Certificate System Security Requirements に適合していたことについて合理的な保証を提供するための有効な内部統制を維持していた。

付録 A の「対象 CA の識別情報」に記載されている CA #12-1 及び#28-1 は、2025 年 1 月 27 日に廃止した。

CA #13-1 は、2024 年 12 月 16 日に廃止した。

CA #16-1 及び#16-2 は、2024 年 6 月 7 日から 2025 年 6 月 6 日までの期間において、証明書を発行せず、失効ステータス情報のみをオンラインで維持していた。

CA #29-1 は、2025 年 1 月 27 日から 2025 年 6 月 6 日までの期間において、証明書を発行せず、失効ステータス情報のみをオンラインで維持していた。

("STS") that for its Certification Authority (CA) operations at Tokyo, Japan, throughout the period June 7, 2024 to June 6, 2025 for its CAs as enumerated in [Appendix A](#), STS has:

1. maintained effective controls to provide reasonable assurance that it meets the Network and Certificate System Security Requirements as set forth by the CA/Browser Forum

in accordance with the [WebTrust Principles and Criteria for Certification Authorities - Network Security v1.7](#).

Appendix A, #13-1 CAs was revoked on December 16, 2024.

Certification authority's responsibilities

STS's management is responsible for its assertion, including the fairness of its presentation, and the provision of its described services in accordance the [WebTrust Principles and Criteria for Certification Authorities - Network Security v1.7](#).

Our independence and quality management

We have complied with the independence and other ethical requirements of the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including

(Translation)

International Independence Standards) (IESBA Code), which is founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behavior.

The firm applies International Standard on Quality Management 1, Quality Management for Firms that Perform Audits or Reviews of Financial Statements, or Other Assurance or Related Services Engagements, which requires the firm to design, implement and operate a system of quality management including policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Practitioner's responsibilities

Our responsibility is to express an opinion on management's assertion based on our procedures. We conducted our procedures in accordance with International Standard on Assurance Engagements 3000, *Assurance Engagements Other than Audits or Reviews of Historical Financial Information*, issued by the International Auditing and Assurance Standards Board. This standard requires that we plan and perform our procedures to obtain reasonable assurance about whether, in all material respects, management's assertion is fairly stated, and, accordingly, included:

- (1) obtaining an understanding of STS's network and certificate system security to meet the requirements set forth by the CA/Browser Forum;
- (2) testing and evaluating the operating effectiveness of the controls; and
- (3) performing such other procedures as we considered necessary in the circumstances.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

The relative effectiveness and significance of specific controls at STS and their effect on assessments of control risk for subscribers and relying parties are dependent on their interaction with the controls, and other factors present at individual subscriber and relying party locations. We have performed no procedures to evaluate the effectiveness of controls at individual subscriber and relying party locations.

Inherent limitations

There are inherent limitations in the effectiveness of any system of internal control, including the possibility of human error and the circumvention of controls. For example, because of their nature, controls may not prevent, or detect unauthorised access to systems and information, or failure to comply with internal and external policies or requirements. Also, the projection to the future of any conclusions based on our findings is subject to the risk that controls may become ineffective.

Opinion

In our opinion, throughout the period June 7, 2024 to June 6, 2025, STS management's assertion, as referred to above, is fairly stated, in all material respects, in accordance with the [WebTrust Principles and Criteria for Certification Authorities - Network Security v1.7](#).

This report does not include any representation as to the quality of STS's services beyond those covered by the [WebTrust Principles and Criteria for Certification Authorities - Network Security v1.7](#), nor the suitability of any of STS's services for any customer's intended purpose.

STS MANAGEMENT'S ASSERTION

August 5, 2025

Shinnosuke Kabasawa
Executive Officer
SECOM Trust Systems Co., Ltd.

SECOM Trust Systems Co., Ltd. ("STS") operates the Certification Authority (CA) services for its CAs as enumerated in [Appendix A](#) and provides SSL and non-SSL CA services.

The management of STS is responsible for establishing and maintaining effective controls over its SSL and non-SSL CA operations, including its network and certificate security system controls. These controls contain monitoring mechanisms, and actions are taken to correct deficiencies identified.

There are inherent limitations in any controls, including the possibility of human error, and the circumvention or overriding of controls. Accordingly, even effective controls can only provide reasonable assurance with respect to STS's Certification Authority operations. Furthermore, because of changes in conditions, the effectiveness of controls may vary over time.

STS management has assessed its controls over its CA services. Based on that assessment, in STS management's opinion, in providing its SSL and non-SSL CA services at Tokyo, Japan, throughout the period June 7, 2024 to June 6, 2025, STS has:

1. maintained effective controls to provide reasonable assurance that it meets the Network and Certificate System Security Requirements as set forth by the CA/Browser Forum

in accordance with the [WebTrust Principles and Criteria for Certification Authorities - Network Security v1.7](#).

Appendix A, #12-1 and #28-1 CAs were revoked on January 27, 2025.

Appendix A, #13-1 CAs was revoked on December 16, 2024.

(Translation)

Appendix A, #16-1 and #16-2 CAs did not issue certificates during the period June 7, 2024 to June 6, 2025 and were maintained online to provide revocation status information only.

Appendix A, #29-1 CAs did not issue certificates during the period January 27, 2025 to June 6, 2025 and was maintained online to provide revocation status information only.

(The above represents a translation, for convenience only, of the original assertion issued in the Japanese language.)
